

NHS Procurement and Contracting

NHS Suffolk Procurement and Contracting

The NHS advertises contracts on a national database of all NHS opportunities and NHS Suffolk always advertises tender opportunities on this site– www.supply2health.nhs.uk

The NHS Suffolk public website also has information about current tenders:
www.suffolk.nhs.uk/Home/AboutUs/Tenders/tabid/1774/Default.aspx

Provider Databases:

NHS Suffolk retains a list of providers within the Service Delivery and Contracts Management Team which details all contacts they have from organisations which may be interested in future tender opportunities. This database allows NHS Suffolk to contact providers directly to inform them of tenders being advertised. If you wish to be included on this database then please send the following details to one of the contacts below, asking to be included on the provider database:

- Contact name
- Organisation
- Address
- Contact email address
- Services currently provided within organisation including locality of services
- Organisation's area of interest
